

SUBODH DAS

Home Painter Labour

📌 SUMMARY

"Hey! I'm a passionate Full Stack Developer who loves bringing ideas to life through code. I enjoy building everything from clean, user-friendly frontend designs to solid, reliable backend systems. On top of that, I like playing around with Python to automate things and handle extra tasks whenever needed. I'm a quick learner, always curious about new tech, and ready to bring my energy and skills to a great team."
